Hi Chris –

The Project Description Template that I sent you previously was incomplete; some of the information was linked to another template. Therefore, please get rid of the earlier one and replace it with the attached. Sorry for the mess up!

Hi Chris –

As requested, transmitting the project description template. The NEPA Scoping Report that can be viewed at the project website, [www.honolulutransit.org](http://www.honolulutransit.org), may also be helpful.

One thing that would be helpful - Could you forward the project description template?

Thanks,  
Chris
